TBPA Mission Statement

The mission of the Tennessee Backflow Prevention Association is to protect drinking water quality in the State of Tennessee by providing for education, statewide training, standardized certification, technical assistance and resources to our membership and the general public.

President's Message

Hello TBPA members! I hope everyone is enjoying the unusually mild weather we are having this summer.

July and August is always a busy time for the Cross Connection team here in Murfreesboro. We tested over 1200 backflow devices in two months. My inspectors and I have worked extremely hard this summer and are ready to enjoy our conference next month.

The Annual TBPA Conference is the perfect time to get away from the everyday routine and get together with fellow members to share ideas and catch up on the latest Cross Connection activities in their cities. In addition to great accommodations we have some great speakers scheduled. This year's conference is October 16th & 17th at Wilderness of the Smokies in Sevierville TN. We are looking forward to seeing everyone there.

Please keep in mind that registration after October 8th will require an additional \$25, and you may miss out on receiving a great T-shirt. So the sooner you register the better.

Annual awards are given at the conference so contact any board member to submit your nominations.

Our next board meeting will be held at the Conference Hotel on Wednesday October 15th at 5:00 pm. All TBPA members are encouraged to attend. I'm looking forward to a great turnout and another successful conference. See you next month.

Frank Maccagnano
TBPA President
